

## GTM + TRANSPORT ACCION

GTM has teamed up with Transport Acción to offer premium international logistics services to clients in Mexico and North America. Transport Acción's award-winning, multi-modal transportation services include customs brokerage, NAFTA export/import expertise, and expedited freight capabilities, making it a natural partner to serve our global automotive customers.

Both companies are independent freight forwarders. Transport Acción and GTM staff give personal attention to customer cargo, meeting every client's logistics and supply chain needs.

The GTM/Transport Acción partnership offers service comparable to any multinational company.

## LEADERSHIP TEAM

### Luis Frias, Director

Luis' transportation experience includes leadership positions at AeroMexico, Braniff International Airways, and Lufthansa. He also managed Mexico operations for a large US freight forwarder. Luis has been the company's General Director for 25 years, serves in community organizations, and is President of the Mexico-Colombia Chamber of Commerce. Luis has comprehensive knowledge of auto industry supplier processes.

### Hugo Briones, Auto Industry Division Director

With degrees in mechanical engineering, automotive design, and business, Hugo contributes to Transport Acción's design, engineering, assembly, and logistics services. He has worked in import-export, purchasing, and logistics management for Ford, Chrysler, GM, and Mercedes-Benz. Hugo directed a JIT supplier assembly line enterprise and now oversees top-quality service processes for auto industry customers.

### Martin Garcia Vivanco, Transportation Relations Manager

Martin has served for more than 17 years at Mexico's largest relocation security company; as CEO of a major logistics and express company; both Deputy Speaker of Transport and Express and founder of a freight forwarding company; and director of a nationally recognized company specializing in safe transfer and custody of vehicles. He currently manages Transportation Relations at Transport Acción.

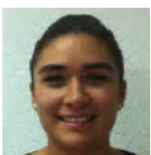

### Austreberto Diaz, Sales and Commercial Director

Austreberto has diverse automotive, oversized cargo handling, and emergency services experience, and has been with Transport Acción since 2004. His comprehensive NAFTA knowledge dates back to the agreement's 1988 adoption. Austreberto is an expert in the global logistics market. He has driven development at Transport Acción for more than a decade, contributing to the company's strong market position.

### Fernando Curiel, Financial Manager

Fernando has served in administration and finance at Transport Acción since 1990. He previously worked in financial institutions and has been in charge of domestic and foreign banks.

### Karen Ponce de León, Customs Brokerage Coordinator

An international trade professional, Karen has worked with major brokers and has completed several courses on load management. She also has a diploma in foreign trade and has worked for transnational companies in several countries.
